

## Why Struggle with Mailings? Consider a Mail-Processing Service

*Shared by:*

Roberta Karstadt, Faculty Advisor  
Veronica Shaw-Pinnock, Chapter President  
Delta Rho Chapter, Kean University

Participating in Kappa Delta Pi brings members of the Delta Rho Chapter executive board and its faculty advisor a great deal of satisfaction—*except* . . . .

. . . *except* that preparing and sending mass mailings to our members, initiates, and potential members can feel like cruel and unusual punishment! This necessary, but demanding task can absorb countless hours that are needed for involvement in the many worthwhile projects and activities for which Kappa Delta Pi is noted. We, of course, prefer devoting our time and energy to planning programs, soliciting new members, maintaining current members, performing service projects, and reaching out to the community.

Fortunately, that task no longer consumes our time! We located a cost-effective, efficient mail-processing service that helps us achieve our goal. We would like to share this information with other Kappa Delta Pi chapters.

### **The Arc of the United States**

To help individuals with cognitive and developmental disabilities secure meaningful employment, the Arc of the United States provides occupational-training and support services, including Arc Mail, a full-service mail operation. The following mailing services are available at an affordable price:

- Bulk mail preparation
- Labeling
- Collating
- Envelope stuffing
- Sorting
- Sealing
- First or standard (third) class bagging, banding, and sorting
- Pickup and delivery to the local post office for mailing
