KAPPA DELTA PI RECEIVES MUTUAL OF AMERICA 2010 COMMUNITY PARTNERSHIP AWARD FOR SUPPORT OF EDUCATION RESOURCE CENTERS

Indianapolis, IN—Kappa Delta Pi, International Honor Society in Education, was awarded the Mutual of America 2010 Community Partnership Award, Honorable Mention, for supporting Simon Youth Foundation's (SYF) Education Resource Centers (ERC). Through ERC, SYF creates partnerships to foster educational opportunities, career development, and life skills for at-risk youth across the country. Members of Kappa Delta Pi chapters at the University of Indianapolis, Marian University, University of Central Florida, Arcadia College, and Indiana University mentor ERC students. "KDP is proud to participate in this innovative and successful partnership that offers young people a second chance at success," says Executive Director Faye Snodgrass. Partners for the SYF program also include 87 Public School Districts, 28 Higher Education Partners, CVS Caremark, Pacers Sports & Entertainment, and Simon Property Group.

Marking its 15th anniversary in 2010, the Mutual of America Community Partnership Award honors the contributions that nonprofit organizations, in partnership with public, private, and other social sector organizations, make to society. To date, the Community Partnership Award has recognized 150 partnerships from cities and towns across America, expanding public awareness of their work and helping them attract additional partners and new sponsors. The 2010 Award honorees are maximizing their resources and their impact through collaboration. With the Community Partnership Award, Mutual of America recognizes, supports, and helps extend the reach of these vital partnerships.

Kappa Delta Pi, a not-for-profit organization headquartered in Indianapolis, IN, supports the professional growth and teaching practices of educators throughout the world. For 100 years, the Society has recognized excellence in education to meet the changing needs of educators and their students, as well as provide member educators resources and opportunities that encourage innovative and best practices. Through publications, conferences, online resources, networking of education leaders, and strategic partnerships, Kappa Delta Pi focuses on issues that are critical to the growth of the profession and its individual teachers. The organization currently has more than 600 chapters and 45,000 members worldwide. For more information, visit KDP Online at www.kdp.org.
