

KDP Classroom Teacher Grant Program

Reviewer Criteria

Serving as a reviewer for Kappa Delta Pi is a great opportunity for you to expand your involvement and help select the best projects for classroom funding this fall. The entire review process will take place online through our KDP portal, and it should take just a few hours for you to complete your scoring.

There are five requirements to serve as a grant reviewer:

- Must be an active KDP member
- At least 5 years of classroom experience
- Knowledgeable in at least one of the three applicant areas of focus:
 - Classroom project, field trip, guest speaker, or other event activity
 - Classroom manipulatives, books and libraries, or other supplies
 - Student outreach support (e.g., college preparation, special needs, ELL)
- Available for 4–6 hours between November 14 and December 3 to conduct the review
- Have not applied for a teacher grant this cycle

Please complete the [volunteer information form](#) if you would like to be considered.
