

KAPPA DELTA PI

# REGIONAL WORKSHOPS

## Did you know?

### You can use the events as a chapter fundraiser!

The chapter is rebated the registration funds and KDP HQ only keeps \$10 for administration and curriculum fees. You get to set the fees based on the expenses you expect to incur.

### You can customize the day to fit your vision!

Want to shorten the sessions for a guest speaker? Go for it!

Have a great activity idea? Let us know, and we can help you make it happen!

Can you repeat curricula? Use your experience to make the next one even better!

Are these only for members? NO! We've made changes to make curricula more inclusive to non-members, as well.

### HQ staff is here to support you in planning, marketing, and implementing your workshop!

We are here as your partners for Regional Workshops. Our event coordinator will help you ensure a successful day, while our marketing team works hard to reach chapter members in your area. We have flyers, email templates, and expertise in advertising to share with you!

# Interested in Hosting?

As a partner, your KDP Headquarters provides the tools necessary to host a successful workshop; however, members of chapter leadership act as hosts, facilitators, and coordinators. For a more robust event, consider partnering with nearby chapters to share the responsibilities of the event.

## **iLead Workshop**

This curriculum is designed to help preservice and new teachers (in their first 3 years) develop the skills necessary to become strong teacher leaders. Activities include completing a self-assessment, using social media, developing networking and practical skills, and then learning how to implement these into the classroom.

## **Culturally Responsive Teaching and Leading Workshop**

This event helps preservice and practicing teachers become more effective in working with diverse communities. The 1-day conference focuses on multicultural topics including culturally responsive pedagogy, the role of privilege and bias, sexism and gender discrimination, and sexual minorities. Through case studies, practical strategies, and interactive tools, attendees deepen their understanding of multicultural concepts and strategies.

## **English Language Learners Workshop**

Based on a state certification course, this workshop gives participants the history of ELL policy, stages of language acquisition, and some practical skills to assist in working with ELL students. Activities include self-reflection, “I do, we do, you do,” and strategy sorting.

### **Kappa Delta Pi Headquarters provides:**

- Curriculum, presentation slides, and handout templates
- Facilitator training
- Online registration
- Email marketing to local members and chapters
- Weekly updates of registration numbers
- Electronic Certificates of Completion for participants

### **Your Chapter provides:**

- Location
- Local publicity
- Volunteer facilitator(s) to lead the event
- On-site volunteers
- Additional enrichment activities, such as guest speakers and anything you would like to add to enhance the day
- Printed materials (name tags, handouts, etc.)
- Optional food and beverage
