Phoenix Award
For Chapter Improvement

The Phoenix Award recognizes those chapters that have taken significant action to improve their overall level of effectiveness in chapter management and programming.

Eligibility
- Improvements were accomplished during the 2019–2020 academic year.
- Chapter must have a charter date before July 1, 2019.

Criteria
- **Chapter Health.** If the chapter was inactive within the last 4 years, explain changes made to accomplish a new level of chapter health.
- **Chapter Membership.** Describe how the membership has changed since the chapter has improved, including initiations held, number of initiates, and member renewals. Discuss efforts to keep members of all types (undergraduate, graduate, alumni, etc.) engaged with the chapter.
- **Chapter Leadership.** Describe officer trainings conducted or participated in, committee participation, and communication with chapter members and Headquarters. Include information regarding succession planning.
- **Chapter Activities.** Document at least two activities/programs and the planning process. Include program goals, overall attendance, relevant data, and description of the impact of the program/activity. Within the last year, describe chapter participation in campus, Society, or community activities.
