

*Fifty educators have been selected to receive funding through the Kappa Delta Pi Classroom Teacher Grants program to implement quality projects and incorporate learning tools in their classrooms during the 2018–2019 school year. Recipients have experience ranging from student teaching to having more than 30 years of practice in education. Together, they will serve an estimated 8,921 students with KDP Classroom Teacher Grants. These grants are made possible thanks to the generous support of Dr. Judith F. Evans and Mr. Ralph M. Evans.*
