Fifty grants have been awarded through the Kappa Delta Pi Classroom Teacher Grants program to implement quality projects and incorporate learning tools in classrooms during the 2019–2020 school year. Recipients have experience ranging from student teaching to having more than 35 years of experience in education. Together, they will serve an estimated 10,221 students with KDP Classroom Teacher Grants. These grants are made possible thanks to the generous support of Dr. Judith F. Evans and Mr. Ralph M. Evans.
